## TALE OF A FOOLISH FELLOW WHO BELIEVED IN LAND VALUES

The following timely article by John W. Springer in *Late Wilcox's* paper, the *Field and Farm* at Denver, is recommended to the prayerful consideration to all Las Vegas knockers. Land is the recognized and appreciated foundation of all values and is the principal asset in the accumulation of wealth. When the several irrigation projects now under way in New Mexico are fully developed and dry farming has proven to be the success that is anticipated by all who have given the subject careful and intelligent thought, every acre of land in San Miguel county will be worth big money—the thousands of acres in the immediate vicinity of Las Vegas not excepted. The story of Mr. Springer's experience is as follows:

"I came to Colorado twelve years ago. I went out fifteen miles from Denver and began to buy land, and those old fellows who had lived in the neighborhood for twenty-five years got together and said: 'There is some darn fool here buying land; let us appoint a committee to give him the whole country,' and they gave me a good end of it and I have got it yet. Now they all want it back, but they cannot have it. 'Why,' they said, 'that blamed Springer is from Illinois and while he isn't looking let's put 10,000 acres in his pocket so he will have a plenty of what he thinks is a good thing. Not a man had been able to make a living out there. They did not even have a well. They did not even have a fence that would turn a coyote or anything else. They did not have any trees, they did not have any houses.'

"Well, what happened in ten short years? Houses, stables and orchards are to be seen on every hand. Why, go up and down those canons and you will find wild cherries and plums. I wrote down to Kansas and

told them to send me the best young cherry trees they had, and now I cannot gather my cherry crop, and have not for three or four years, there are so many of them. They sent me plums and I planted them. They have grown and they have never had a drop of irrigation. I bought a sack of brome grass and I have a meadow out there that was never irrigated a drop and that is as good as any in Illinois worth \$200 an acre today. Now, do not think this is all boom talk, for a boomer is always trying to sell something to somebody. I prefer to deal with the fellows who are buying.

"I believe with old Vanderbilt, Sr., and those men in New York who said to their sons, 'Boys, always be buyers of New York real estate and never sellers.' What is the result? The gigantic fortunes of this country have been built up by the men who bought land and wise is the old head that laid up these broad acres and paid taxes and kept them. Now, this is not a poor man's proposition at present. The poor man often blames the way. He fights the Indians, kills off the buffalo and destroys the predatory animals, but when it comes down to the arid and semi-arid regions, and when it comes to handling these broad acres it requires cash to do it and on top of cash it takes brains.

"And I will tell you that whenever you hitch these up together you will find our Americans, out-crowded in Illinois, Missouri, Iowa and the states back there, by high priced land, will come out here and take 640 acres, or even less, fence it and put a house there, get a few fine cattle and horses and sheep and hogs and the best poultry they can buy. They will put in gasoline engines and windmills, because underneath this great

## S.S.S. CURES BLOOD POISON

Removing the symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these outward manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will, sooner or later, cause a fresh outbreak of the trouble, with all the hideous symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc.

Contagious Blood Poison is the most treacherous of all diseases.

It has its victims in its power almost before they realize its presence, because its first symptom is usually a little sore or pimple so insignificant that it does not excite suspicion. But the insidious poison is at work on the blood and in a short while the patient finds he is more or less affected from head to foot.

Contagious Blood Poison is too dangerous to trifling with. No time should be lost in riding the blood of this destructive poison, and in no disease is it more important to have the proper remedy. Medicines which merely check the symptoms for a time and leave the real cause smoldering in the system have brought misery and disappointment to thousands. Faithfully the sufferers took such treatment, usually of mineral nature, and when all symptoms had disappeared and the treatment was left off, found the virus had only been shut up in the system awaiting a favorable opportunity to return, with every symptom intensified.

S. S. S. cures Contagious Blood Poison and cures it permanently. It goes down into the blood and removes every particle of the poison, makes the circulation pure and healthy, and does not leave the slightest trace of the disease for future outbreaks. S. S. S. is made entirely of roots, herbs and barks, all of which are healing and cleansing in their nature. It does not contain a particle of mineral in any form to injure the delicate parts of the system. S. S. S. will also drive out any lingering remains of mineral poison that may be in the blood from the former treatment. If you are suffering with Contagious Blood Poison S. S. S. will cure you, because it will purify your blood. Home treatment book and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach troubles and indigestion, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies but without avail and I find that Cascarets relieves more in a day than all the others I have taken in a year."

Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sickens, Weakens or Grips, No Drowsy After-Effect. The genuine tablet stamped C.C.G. Guaranteed to cure or your money back. Sterling Remedy Co., Chicago or N.Y. 592

ANNUAL SALE, TEN MILLION BOXES

soil is all the water God Almighty ever intended a country needed where it had men who were willing to work. When these homes are built we will have added a stretch of beautiful cultivated land from Denver clear into Kansas country that will be the delight of future generations."

### Best Treatment For Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old, reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by all dealers.

### KANSAS CITY MARKETS

(Special Correspondence.)

Kansas City Stock Yards, April 12.—There was a fair supply of range fed steers on the market last week, and they sold about steady for the week, and western cows and heifers were eagerly sought, sales of same at \$3.80 to \$5.45. The total cattle supply today is 10,000 head, market strong to 10c higher, and the run includes a string of Utah hay fed steers at \$5.65, Idaho hay fed steers at \$5.80 and \$5.90 and Colorado sugar mill steers at \$5.50 to \$6.30. Range stockers and feeders are selling readily at natives at \$4.80 to \$5.65, panhandle fed steers at \$5.40 to \$5.85, Oklahoma corn and cotton-seed meal fed steers at \$5.75 to \$6.00. Packers continue to argue that future markets for beef are not likely to show any improvement, but with the ante-Easter fasting now a thing of the past, and on the basis of the present conservative marketing of cattle, sellers look for good markets. Sheep and lamb receipts are holding up pretty good, and the market is satisfactory, lambs possibly a shade lower than a week ago, but Texas muttons stronger. Runis 8,000 head here today, market steady, lambs worth \$7.50 to \$8.10, light weight yearlings eagerly sought at \$7.00 to \$7.60, wethers \$6.00 to \$6.60, ewes \$5.80 to \$6.25. Including choice Texas clipped ewes around \$6.00. Clipped fed stock is selling 50 to 75 cents above range of prices. Some medium class Texas muttons sold today at \$5.15 to \$5.35 weighing 71 to 86 pounds. Trade in country kinds has been of small volume, account of limited supplies, rather than because of lack of demand.

### Jury Discharged.

A sensation was created at Las Cruces, N. M., Monday morning when Judge Frank W. Parker, sitting in the federal district court, discharged the entire panel of 24 jurors and ordered a new panel drawn for Wednesday.

In discharging the jury the judge declared that while he did not make any specific charges, the rumor had persistently gained ground that efforts had been made to tamper with the jury in the interest of persons under indictment on charges of smuggling or conspiracy to smuggle Chinamen, he thought it best to draw a new jury.

So that all Albuquerque may be given a chance to aid in making the Elks' fiesta which will be held in the Elks' building beginning May 10th and lasting six days, a success, each of the six nights will be under the management of different professions, while Saturday evening, the close of the festivities, will be designated as "Ladies' Night."

"I'd Rather Die, Doctor." "than have my feet cut off," said M. L. Bingham, of Princeton, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead he used Bucklen's Arnica Salve till wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astound the world. 25c at all druggists.
